## How to Read Our Date Code

Our products are labeled with a **Manufacture Date (MD)** in Julian format:

### Example:

**MD / 250 / 25**

### Here's what it means:

- **MD** = Manufacture Date
- **250** = The 250th day of the year (Julian date)
- **25** = The year 2025

👉 **MD/250/25 = Manufactured on September 7, 2025**
